Local file + manifest
Hash / stat stability
Probe + strict decode
Technical readability only
Audio + sampled frames
Derivative checksums
Perceptual candidates
pHash / dHash / alignment
Uncalibrated thresholds
Candidate text
Local OCR + ASR
Preserve original segments
Correction sidecars
Alternatives + uncertainty
No contextual word invention
Independent contextual / acoustic / speaker / fact verification remains separate
Historical external Gemini pilot: 3 still frames from 1 clip; not integrated continuous video analysis
